StewardMD

For colleges, PG residents and faculty

Learn it. Log it.
Do it at the bedside.

One app that takes a student from the first history to the PG exam, keeps the NMC logbook your residents must maintain, and stays useful on the ward the day after they qualify.

What your department gets

NMC PG e-Logbook
The digital logbook **PGMER-2023** requires: weekly entries, monthly guide authentication, faculty verification and a department view.

Kardia echo and ECG
A 3D chest with a TTE probe, live sector image and real clips, plus **1,041 ECG lessons** with quizzes.

RadioAnatome and 3D Anatomy
35 CT and MRI slice atlases and a whole-body 3D model with **3,400+ structures**, linked both ways.

SURG^{x} surgical intelligence
Operative notes, protocols, step-by-step procedures, evidence and cases with a senior surgeon's questions.

CliniX bedside skills
9 systems, 117 topics. History, examination, OSCE and viva on the NMC CBME syllabus, with an AI tutor and a simulated patient.

Specialty trainers
Anesthetica anaesthesia (46 NMC competencies), **Tokós** CTG reading on real traces, **Ophthalmós** with 3,035 questions and simulators.

PrepNucleus question bank
176,430 questions for NEET-PG, INI-CET, NEET-SS, USMLE and FMGE, with spaced repetition and mock tests.

MaiK, the clinical AI tutor
Ask any clinical question. Answers are grounded in the knowledge base and cite their sources.

A REFERENCE LIBRARY	STEWARDMD
Long chapters to read, then apply on your own	Practise the skill, then use it on the next patient
Built for a desktop and the library login	Made for the phone in the white coat pocket
Written for a global reader, not Indian wards	ICMR, Indian antibiograms and Indian brands
No logbook, no skills practice	NMC logbook, OSCE, viva and exam prep in one app
